Managing the digital classroom - A hands on workshop

In this workshop we will explore together a range of digital tools and teaching techniques that teachers can use to utilize the presence of digital devices in the classroom and make them productive. The workshop will show how we can use these device to enable digital collaboration and develop a range of traditional and digital literacies in ways that are not possible in the analogue classroom.

Come to the workshop armed with your laptop, smart phone or tablet and be prepared to participate.
